Mr. Allen W. Dulles
Director of Central Intelligence
2430 E Street, N.W.
Washington 25, D. C.

Dear Mr. Dulles:

An exceptionally informative and interesting account of a recent breakthrough in automation of Russian technical literature translation was presented at NSA on 25 September by [redacted] Office of Central Reference, CIA. Several hundred NSA officials and analysts were present. Because machine translation is a vital segment of NSA's general problem of automation of all its processes, [redacted] information was of particular significance here.
